

High impact charities in Alberta and British Columbia 2021 List

Ideally, donors would have a lovely diversified portfolio that matches their area of giving interest with high returns (impact). We calculate that high impact charities achieve results 7x greater than average impact charities. You get the same tax receipt, but your giving does far more good.

(Each charity's name is linked to Charity Intelligence's report with more information about its programs and results.)

Alberta

[Fresh Start Recovery](#)
